TangoTasker Press Kit

What?

TangoTasker is your **To-Do Workflow Assistant** — a powerful productivity tool for **macOS**, **iOS**, and **iPadOS**. Whether you're managing a simple to-do list or overseeing complex projects with multiple stages, TangoTasker adapts to your workflow with customizable status flows that guide tasks from start to completion.

Personalize your task lists with workflows that match your unique process. Mark tasks as *To Do*, *In Progress*, and *Done* with ease.

Features:

- **Customizable Workflows:** Tailor workflows to your specific needs, from simple to-do lists to multi-step projects.
- **Offline Accessibility:** Manage tasks even without an internet connection. Updates automatically sync once you're back online.
- **Cross-Platform Syncing:** Keep your tasks up-to-date across all devices (macOS, iOS, and iPadOS) seamlessly.
- **Flexible Status Flows:** Choose from various workflow styles to suit your process:
    - Basic: *TODO → DONE*
    - Intermediate: *TODO → IN PROGRESS → DONE*
    - Advanced: *BACKLOG → TODO → IN PROGRESS → ON HOLD → DONE*
- **Quick Filters:** Instantly view tasks that are in progress, due soon, overdue, or completed to help prioritize your work efficiently.
- **Notes:** Add detailed notes to tasks and lists for additional context and organization.
- **Tags:** Group and reference tasks across different lists. Tags help categorize and filter tasks by common themes, priorities, or topics.
- **Instant Search:** Perform quick, offline searches to find tasks and lists on the go.

Why?

TangoTasker isn't just another to-do app – it's your productivity powerhouse. While most apps focus solely on tasks, TangoTasker optimizes your entire workflow, adapting to your unique style. Whether you're managing everyday errands or orchestrating long-term projects, TangoTasker gives you the tools and flexibility to stay in control and crush your goals with confidence.
